Forfeiture Module

Do more with less

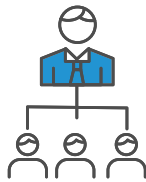

With all the benefits that you experience with your InfoShare suite, the newly enhanced Forfeiture Module gives you the power to manage every detail of your asset forfeiture cases.

The Forfeiture Module is a separate module in the InfoShare suite and allows you to see the full case history of your forfeiture case matters.

INFOSHARE™ FORFEITURE MODULE EXPEDITES THE FORFEITURE PROCESS

Features

Improved Case Workflow

Build, categorize, manage, and administratively report on all property seizures and potential forfeiture of assets seized by your agency.

Enhanced Case Management

Track and help assist in preparing civil forfeiture actions; track distribution and sale information of forfeited assets; track all related expenditures and returned property.

Document Management

Upload documents in just a single click; search keywords across all documents and cases for enhanced research capabilities.

Peace-of-Mind

Saves you considerable time and resources due to the dynamic InfoShare Forfeiture Module. This module was designed by professionals for professionals.
